Give 3 suggestions to improve teaching learning experience in your Institution. 7 responses

Ntg

More worked problems to be worked. Practical knowledge in Finance.

Expertise knowledge required

Need to provide more library books More staff Computer facility

To be fair and give equal opportunity to all the students in learning and other activities..... Being more specific in teaching and going accordingly not by hurrying for the sake to complete portion... And making studies more interesting

Field visits should be encouraged, accounting should be practiced in computer and case studies must be encouraged.....

Interesting teaching Skill development
